

*Submission deadline January 31, 2025*

Have you taken photographs, sketched a plant, or painted a vista at the Arboretum? We would like to share your unique artwork with visitors during the 2025 season. Seeing the landscape through someone else's perspective is a fun way to experience this year-round destination.

- Email a photograph of the artwork for consideration to [info@pollyhillarboretum.org](mailto:info@pollyhillarboretum.org).
- Staff will help obtain high resolution photographs to be reprinted and displayed. Only replicas will be used.
- An array of artwork based on subject matter, medium, and location will be selected.
- If your art is selected, you will be recognized in PHA member publication *Meristems*. An opening reception will take place for artists and visitors this spring, date TBD.

All images are examples from previous Art in the Arboretum exhibits.
